

Subject Assessment Plan – Denbigh High School

AS Biology	
Evidence collected already	Comments/Link to specification
Biological compounds	Supplementary evidence from end of unit assessment including past questions.
Cell structure and organisation	Supplementary evidence from end of unit assessment including past questions.
Adaptations for gas exchange	Supplementary evidence from end of unit assessment including past questions.
Adaptations for transport	Supplementary evidence from end of unit assessment including past questions.
Evidence to be collected	Comments/Link to the specification
<i>Unit 1</i>	
Biological compounds	To be assessed partial paper tests
Cell structure and organisation	To be assessed partial paper tests
Cell membranes and transport	To be assessed partial paper tests
Biological reactions regulated by enzymes	To be assessed partial paper tests
Nucleic acids and their functions	To be assessed partial paper tests
Genetic information	To be assessed partial paper tests
<i>Unit 2</i>	
Classification and biodiversity	To be assessed partial paper tests
Adaptations for gas exchange	To be assessed partial paper tests
Adaptations for transport in animals	To be assessed partial paper tests
Adaptations for transport in plants	To be assessed partial paper tests
Adaptations for nutrition	To be assessed partial paper tests
